

- It's Your Future – Local 943 Voluntary COPE Fund

By contributing a few dollars a year, you can help make
a difference in protecting your benefits and rights!

COPE stands for Committee **On** Political Education

What does it mean for you?

EVERYTHING TO DO WITH YOUR JOB!

Elected Officials - school board, legislators, congressmen, the
President - decide about your retirement, your pension, your social
security, your health care, your certification, your tenure, your
contract rights, your job responsibilities ... and the list goes on ...

- COPE money collected is used at the local, state and national levels.
- It is used for campaigns, referenda, school board elections and more.
- It is imperative to make sure that the Union stands behind those individuals that support our issues.
- This is a non-partisan campaign fund.
- Through the voluntary COPE program, we can make our stance known where the decisions are made.

With your contribution, the Union can work to protect your rights, your
benefits, and your future!

Please consider contributing to the Local 943 COPE fund.
Our goal is to receive a **\$5.00 donation per year** from each member.

Any amount will be beneficial.

You may donate at any time throughout the year.

Local 943 Voluntary COPE Contribution Form
